EXPORTING YOUR SEQUENCE STEPS

We accept both OMF and AAF for audio sequences

- Remove video tracks to create an audio only sequence
- Remove all plugins from your sequence. If you would like to submit a specific effect, please submit both the affected and unaffected versions
- Provide a 1KHz 2-pop exactly 2 seconds before the first picture frame
- Provide 48KHz, 16bit or 24bit WAV files audio with 1000 frame handles
